กลอนแม่เหล็ก

hi-view ®
High Resolution High Technology
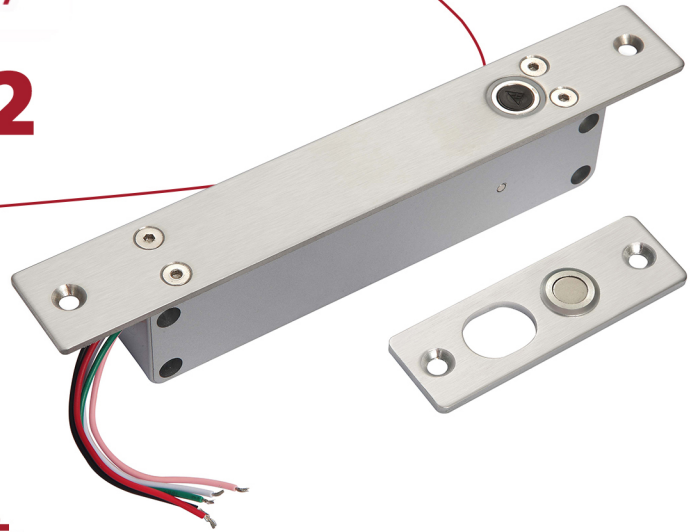

Model: ML200-2

ฟังก์ชันและคุณสมบัติสินค้า

* Working voltage: DC 12V-24V

* Working current: 12VDC starting current: 1200mA, persistent current: 180mA

                24VDC starting current: 650mA, persistent current: 90mA

* Security type: fail safe(with power,it will lock)

* Latch: stainless steel latch,15mm extension length

* Unlocking method: electrical signal

* Time delay: 3, 6, 9, 17s

* Signal output: door status output (5V door closed)

* lock status output (5V locking voltage)

* Suitable for: wooden door, metal door, fireproof door

* Dimension: 205*30*37mm
